PROFESSIONAL EXPERIENCE

Visual Designer | Tata Consultancy Services (TCS) *Jan 2024 – Present*

- Partner daily with a US-based retail client (JCPenney) team, managing communication and deliverables across overlapping time zones.
- Designed business brochures, campaign creative and posters for internal and client-facing communications, applying visual design, branding and layout principles to keep every asset clear, engaging and visually consistent.
- Translate complex supply chain management (SCM) workflows into simpler, more user-friendly screen layouts by analysing existing screens and proposing UX improvements.
- Created presentations that turn complex enterprise workflows and structured analysis into clear, visually engaging stories and actionable documentation for business stakeholders.
- Collaborate with cross-functional stakeholders to understand business objectives, manage multiple concurrent design projects against tight deadlines, and refine work through continuous feedback.

Freelance Graphic & Digital Designer | Harry Designs *Jan 2020 – Present*

- Delivered 35+ complete brand identity systems, turning brand strategy into consistent visual systems applied across digital and print touchpoints.
- Produced on-brand creative for 60+ clients across digital ads, social media, packaging, and print/event collateral, working independently against tight, concurrent deadlines.
- Redesigned the packaging and label system for Gokul Oils, contributing to a 40% increase in sales.
- Managed end-to-end client relationships — briefing, objectives, revisions and final delivery — adapting quickly to fast, iterative feedback cycles.
- Designed and built harrydesigns.in on WordPress with custom HTML/CSS, owning both visual design and site publishing.
- Edited and produced video and motion graphics for client social media campaigns using Adobe Premiere Pro.
- Integrated AI-assisted tools (Midjourney, Adobe Firefly, Canva AI) into production workflows to speed up turnaround without compromising quality.
