

HARIHARAN S

Graphic Designer • Brand, Digital & Production Design • 6+ Years

+91 86101 74188 | sivakumarhariharan007@gmail.com | harrydesigns.in | Chennai, Tamil Nadu

PROFESSIONAL SUMMARY

Graphic designer with 6+ years of experience producing high-volume, on-brand creative across digital ads, social content, web assets, packaging, and print/event materials. Delivered 35+ complete brand identity systems for 60+ clients through an independent design practice, working independently against tight, concurrent deadlines. Proficient across Adobe Creative Suite, Canva, HTML/CSS, and AI-assisted design tools (Midjourney, Adobe Firefly, Canva AI), with hands-on video editing and motion graphics experience for client social content. Comfortable collaborating with distributed, US-based teams across overlapping time zones.

CORE SKILLS

Digital Ad & Social Media Creative • Brand Identity & Visual Systems • Web & Landing Page Design (WordPress, HTML/CSS) • Video Editing & Motion Graphics • AI-Assisted Design Production • Packaging & Event/Print Collateral

TOOLS & SOFTWARE

Adobe Illustrator • Adobe Photoshop • Adobe Premiere Pro • Canva • WordPress • HTML • CSS • Adobe XD

PROFESSIONAL EXPERIENCE

Freelance Graphic & Digital Designer | *Harry Designs*

Jan 2020 – Present

- Produced high-volume, on-brand creative across digital ads, social media content, packaging, and print/event collateral for 60+ clients, working independently against tight, concurrent deadlines.
- Delivered 35+ complete brand identity systems, translating brand strategy into consistent visual systems applied across digital and print touchpoints.
- Designed and built harrydesigns.in independently on WordPress, customizing layouts with hands-on HTML/CSS to manage both visual design and site publishing.
- Edited and produced video and motion graphics content for client social media campaigns using Adobe Premiere Pro.
- Incorporated AI-assisted design tools (Midjourney, Adobe Firefly, Canva AI) into production workflows to accelerate turnaround without compromising quality.
- Redesigned the packaging and label system for Gokul Oils, contributing to a 40% increase in sales.
- Managed end-to-end client relationships — briefing, revisions, and final delivery — adapting quickly to fast, iterative feedback cycles.

System Engineer | *Tata Consultancy Services (TCS)*

Jan 2024 – Present

- Collaborate daily with a US-based retail client (JCPenney) team, managing communication and deliverables across overlapping time zones.
- Manage multiple concurrent priorities and deadlines within a structured, fast-paced enterprise support environment.
- Apply strong attention to detail and structured analysis to enterprise workflows, translating findings into clear, actionable documentation for stakeholders.

SELECTED PROJECT HIGHLIGHTS

- Gokul Oils — Packaging & label redesign; contributed to a 40% increase in sales
- Sendra Gold — Full brand identity for a premium gold jewellery & finance brand launch, Trichy
- Diyaa Pure — Brand identity system for an organic cosmetics brand
- harrydesigns.in — Self-designed and self-built studio website
